

Testing services

Product evaluation for mechanical shock, 3-axis sine or random vibration up to 80kN, combined with climatic chamber.

2 Vibration Benches **2** Dedicated Climatic Chambers

Supplier: LDS

Models: V726 • V8900

Specifications	
Vibration Force	7 kN to 80 kN force
Profile Type	<ul style="list-style-type: none"> • Random • Sinus • Shock • Resonance • Sinus dwell
Usable frequency range	5 Hz to 3000 Hz
Temperature	-70° C to 180° C
Optional Climatic Conditions	paired with WEISS TECHNIK SB500 and ShakeEvent C1200 70 15
Useful Dimensions	500 to 1000 L
